

Liland is a specialized provider of cloud software, international consulting, mobile apps and web solutions. We offer our customers solutions that simplify and optimize processes. Our specialists advise customers on standardization and the latest technologies, such as artificial intelligence and block chain. The challenges our customers face are as varied and exciting as the opportunities and future prospects we offer. We train you, we support you and offer you the opportunity to make a career in a fast growing IT company.

JUNIOR CONSULTANT (M/F)

Liland IT offers the right entry into IT consulting. Depending on your qualifications and interests, you can join us as a Business IT Consultant or as a Technical Consultant. As part of a project team, you will assume initial responsibility for analyses and concepts from the very beginning. In your team you will always find an experienced colleague to support you. In addition, a mentor will help you to quickly find your way around our structures.

You choose the home location yourself. According to the 4-3-1 principle, you will spend 4 days at the customer site, a maximum of 3 nights at the project site and Fridays at your home location.

Your TASKS:

- Jointly developing strategic business models in the context of digitization
- Depending on the desired focus: define the functional or technical target architecture of IT landscapes and individual applications
- Model and analyze business processes and/or IT landscapes
- Take on initial project management tasks in IT implementation projects and optimize customer processes

You OFFER:

- Studies with a focus on a computer science, mathematics, economics or a corresponding combination of subjects or a technical vocational training (apprenticeship, HTL) or equivalent work experience
- Interest in strategic issues of large corporations in the context of digitization
- Above-average abstraction skills, team spirit and “entrepreneurship”
- Initial experience with a component-based Java Web-Framework is advantageous

The monthly salary for this position (at 38.5h/week) is regulated in the KV. The actual payment depends on the respective qualification or work experience.

You are communicative, enjoy dealing with people and would like to be part of a young team? Then we look forward to receiving your application by email to: job@liland.com
